

# JON BUOY DANBUOY GLO LITE

**OCEAN SAFETY®**

Ocean Safety,  
Saxon Wharf,  
Lower York Street,  
Southampton,  
SO14 5QF, UK.

[www.oceansafety.com](http://www.oceansafety.com)

The inflatable Jon Buoy Danbuoy is stylish, compact and weighs only 3.3kg. It can be mounted on the pushpit and is easily deployed in an emergency. In the event of a man overboard, simply unclip the unit from its mounting bracket and deploy; the danbuoy then automatically inflates. It replaces the traditional danbuoy, light, drogue and whistle.

The danbuoy hard case, offers a more ergonomic and streamline design for improved deployment and manoeuvrability.

The Jon Buoy range incorporate innovative Glo Lite technology.

Glo Lite uses innovative retro-reflective technology that significantly enhances the visibility of the hi-vis fabric, making it highly reflective and increases perception during dark conditions, thus aiding location, leading to reduced casualty time before recovery for a more positive rescue outcome.

Casing available in white or carbon style

## KEY FEATURES

- Glo Lite fabric technology
- Meets requirements of World Sailing Regulations
- Compact
- Quick and easy to deploy
- Highly visible
- Easily repacked
- Lightweight
- Automatic inflation
- 33g cylinder
- Automatic light
- 5 year warranty

## CASE FEATURES

- Moulded handle
- Universal bracket
- Fits rails up to 30mm in diameter
- Available in white or carbon effect
