Lower York Street,
Southampton,
SO14 5QF, UK.

www.oceansafety.com

The new Charter ISO 9650-I raft is an upgrade of the existing Charter liferaft and has been developed to meet the needs of all boat users and complies with MCA code of practice requirements.

The raft is available with a less than 24 hour pack as standard, and there is also a SOLAS B option available.

The new valise is more of a rectangular shape than the old version to, making it easier to pack away on your vessel.
